XOESE, The Francophone Women's Fund, invites media representatives and content creators to apply for accreditation to attend the XOESE 2023 International Francophone Forum (FIFXOESE2023). This accreditation will give media professionals and content creators the opportunity to take part in this event and cover the exchanges that will take place.

Accreditation is strictly reserved for professional journalists working for media organizations, freelance journalists and content creators. Media personnel must be able to present a photo ID card issued by their national or international media outlet. For content creators not affiliated with a media organization, photo ID such as a passport must be provided as a means of verification.

Each applicant must register individually, even if several journalists or content creators are affiliated with the same media outlet. Each media outlet may accredit more than one professional to cover the conference.

Registration for media and content creators is completely free and includes the following benefits:

Access to all Forum sessions including pre-events, stands, media room and press conferences.

One-to-one interviews with spokespersons, speakers and participants.

Although we cannot guarantee the availability of all requested interviews, we will do our best to accommodate such requests as far as possible, subject to availability.

The accreditation process for media and content creators is open from **September 08 to November 08, 2023**. We encourage all interested parties to submit their applications as soon as possible.
